

- Greenways Academy is an established and accredited (NAAS, NCA, CITA, NCAA) on line school servicing 5th-12 grade.
- Greenways Academy is a diploma granting institution for the college bound students.
- Greenways Academy is able to modify our curriculum per each student's IEP or 504 Plan.
- Greenways Academy offers a collection of exciting electives such as web design, Mythology and Oceanography
- Greenways Academy offers foreign language studies such as Spanish, French, and Mandarin
- Each student has a "highly qualified" on line instructor to grade assignments and help if the student has trouble or needs assistance
- Greenways Academy provides an alternative learning experience for students who have lost their way in the traditional public school environment
- We establish a learning pathway for the Home school and private school populations in the Walla Walla Valley
- Greenways Academy provides a "fast track" for those students wishing to graduate early or wishing to take advanced courses not offered at a traditional school
- Greenways Academy provides a safety net for those students who face adversity in their lives such as suspension, expulsion or medical conditions that prohibit them from attending school
